

Franklin W. Olin College of Engineering
D.T.E. 01-95
Information Request: BE-7-1
Respondents: Gary R. Babin, Energy Services
and Planning Manager, Donald H. Newell,
Superintendent
Date: March 8, 2002

- Q. Please set forth the specific geographical area in which Franklin W. Olin College of Engineering's ("Olin") buildings are located for which it is requesting service as part of its Petition before the Department of Telecommunications and Energy. Also, please indicate this geographic area on a map, including all buildings and facilities for which Olin has requested electric service pursuant to its Petition.
- A. Please reference Olin response to BE-1-1.

Franklin W. Olin College of Engineering
D.T.E. 01-95
Information Request: BE-7-2
Respondent: Gary R. Babin, Energy Services
and Planning Manager, Donald H. Newell,
Superintendent
Date: March 8, 2002

- Q. Has Wellesley Municipal Light Plant ("WMLP") ever provided electric service to the geographic area, buildings or facilities identified in WMLP's response to BE-7-1 for which Olin is requesting electric service pursuant to its Petition? If yes, please set forth the details of such service and provide the documents supporting such service.
- A. The WMLP presently and, in the past, delivers electricity to a central distribution point located on the Babson College campus. Babson College distributes the electricity received from the WMLP to various buildings and facilities located in both Wellesley and Needham. Babson College pays the WMLP directly for all electricity delivered to the central distribution point in accordance with the WMLP's Large General Service – Primary rate tariff.

Information Request: BE-7-3
Respondent: Gary R. Babin, Energy Services
and Planning Manager, Donald H. Newell,
Superintendent
Date: March 8, 2002

- Q. Please set forth on a map the WMLP-owned distribution facility or facilities which are closest to the buildings and facilities identified in response to Information Request BE-7-1.
- A. Please reference Attachments BE-7-3A, BE-7-3B, BE-7-3C.

Franklin W. Olin College of Engineering

D.T.E. 01-95

Information Request: BE-7-4

Respondent: Gary R. Babin, Energy Services
and Planning Manager, Donald H. Newell,
Superintendent

Date: March 8, 2002

- Q. Please set forth on a map similar to those provided by Boston Edison as Attachments OC-1-19(A) and OC-1-19(B) all of WMLP's distribution facilities (e.g., poles, lines, switchgear, transformers, etc.) in Needham and in Wellesley within approximately one half mile of the Babson campus that exist for providing distribution service to Babson (in Wellesley and/or Needham), Olin (in Wellesley and/or Needham), or any other customer in close proximity to or abutting the property currently owned by Babson (in Wellesley and/or Needham) and Olin (in Wellesley and/or Needham). Please separately identify all existing facilities, any past facilities that have since been removed and all planned or future facilities.
- A. WMLP does not maintain maps similar to those provided by Boston Edison as Attachments OC-1-19(A) and OC-1-19(B). Please reference Attachments BE-7-3A, BE-7-3B, BE-7-3C for maps used by WMLP.

Franklin W. Olin College of Engineering
D.T.E. 01-95
Information Request: BE-7-5
Respondent: Gary R. Babin, Energy Services
and Planning Manager, Donald H. Newell,
Superintendent
Date: March 8, 2002

- Q. Please set forth on a map similar to those provided by Boston Edison as Attachments OC-1-19(A) and OC-1-19(B) and Olin in Attachment BE-1 5A:
- (1) the property or buildings owned by Babson in the Town of Wellesley ("Wellesley") that are currently served by WMLP;
 - (2) the property or buildings owned by Babson in the Town of Needham ("Needham") that are currently served by WMLP;
 - (3) the property or buildings owned by Olin in Needham that are currently served by WMLP; and
 - (4) the property or buildings owned by Olin in Wellesley that are currently served by WMLP.
- A. (1)(2)(3)(4)WMLP delivers electricity to a central distribution point located on the Babson College campus. Babson College owns the high voltage electrical distribution system under the terms of WMLP's Large General Service – Primary rate tariff and is responsible for electric distribution to various buildings and facilities located in both Wellesley and Needham. As a result, WMLP is not responsible for the ownership, maintenance or mapping of the facilities located on the Babson or Olin campuses. As such, WMLP cannot respond to this request.
